

**IN THE SPECIFICATION**

Applicant respectfully submits the following amendments to the detailed description of the specification. Applicant submits that the requested amendments merely correct inadvertent typographical errors, and do not add new matter.

**Detailed Description**

Please amend at lines 18-19, page 12 of the description as shown:

In one embodiment of the present invention, the business message is sent by client 320 as an HTTP POST ~~method~~ message request 325.

Please amend at lines 13-14, page 13 of the description as shown:

In addition, server 310 has queued a business ~~method~~ message 530 for transfer to client 320.
